Abdelrhman Saeid

Frontend Developer | Alexandria, Egypt 01016113879 | bodesaid3@gmail.com | [LinkedIn](#)| [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Frontend Developer with a focus on **React and Next.js**. Proven track record in automating manual workflows and building centralized management systems. Committed to writing clean, scalable code and improving system performance through modern UI/UX practices.

TECHNICAL SKILLS

- **Languages & Frameworks:** JavaScript (ES6+), TypeScript, React.js, Next.js.

- **Frontend Tools:** Tailwind CSS, Shadcn/UI, TanStack Query, Framer Motion, Axios.

- **Backend & DB:** Node.js, Express, MongoDB, Clerk Auth, RESTful APIs.

- **Others:** Git/GitHub, Cloudinary, RBAC (Role-Based Access Control).

PROFESSIONAL EXPERIENCE

WeLevelUp LLC | Frontend Developer | 06/2024 – Present

- **Performance:** Optimized core UI components, resulting in a **25% faster load time** and improved lighthouse scores.

- **Efficiency:** Refactored legacy code into reusable components, reducing development time for new features by **15%**.

- **Responsiveness:** Implemented mobile-first designs that improved cross-browser compatibility and user retention on mobile devices.

Freelance & Academic Projects | Frontend Developer | 02/2022 – Present

- **Automation:** Built custom web solutions that automated repetitive tasks, saving clients/users an average of **10+ hours per week**.

KEY PROJECTS

CCM – Call Center Management System

- **Impact:** Digitized branch operations for **100+ locations**, replacing manual WhatsApp updates and achieving **100% data consistency**.

- **Real-time:** Integrated real-time status monitoring using Next.js and MongoDB to provide instant operational updates.

FinalStep – Project Management Platform

- **Solution:** Developed a PMS to streamline university project tracking and task distribution for student teams.

- **Automation:** Built an automated PDF reporting tool that reduced manual documentation time by **40%**.

- **State Management:** Utilized TanStack Query to manage complex data fetching, ensuring zero-latency UI updates.

PhoneX – E-Commerce Platform

- **Development:** Architected a high-speed e-commerce site with a custom admin dashboard for real-time inventory and sales analytics.

EDUCATION

- **B.IT** | Borg Al Arab Technological University | Expected 06/2028
- **Diploma in Computers** | Industrial Technical Institute | 02/2024
